fiveyear
warranty

Drive your way.™

confident

contemporary

The Santa Fe is a car for today, a car that will let you drive your way. It is one of the new breed of Hyundai vehicles and our flagship model, so you'll certainly stand out in a crowd.

Our designers have created a car that combines traditional, practical virtues with state-of-the-art luxury and versatility. The result is even greater refinement and elegance, plus improved handling and control. Twin exhausts only hint at its power and performance, whilst active head restraints*, traction control system and dual front, side and roof airbags increase the safety factor. The elegant profile and smooth body contours build refinement and road presence.

On the road, the Santa Fe is totally at one with its environment, its inner strength complemented externally by smooth, aerodynamic lines. To cope with lifestyle and family demands, a choice of 5 and 7 seat versions gives you flexibility and value for money. The Santa Fe raises expectations for SUVs and makes every journey a memorable experience.

* excludes GSI models

Projector Headlights

18" Alloy Wheels*

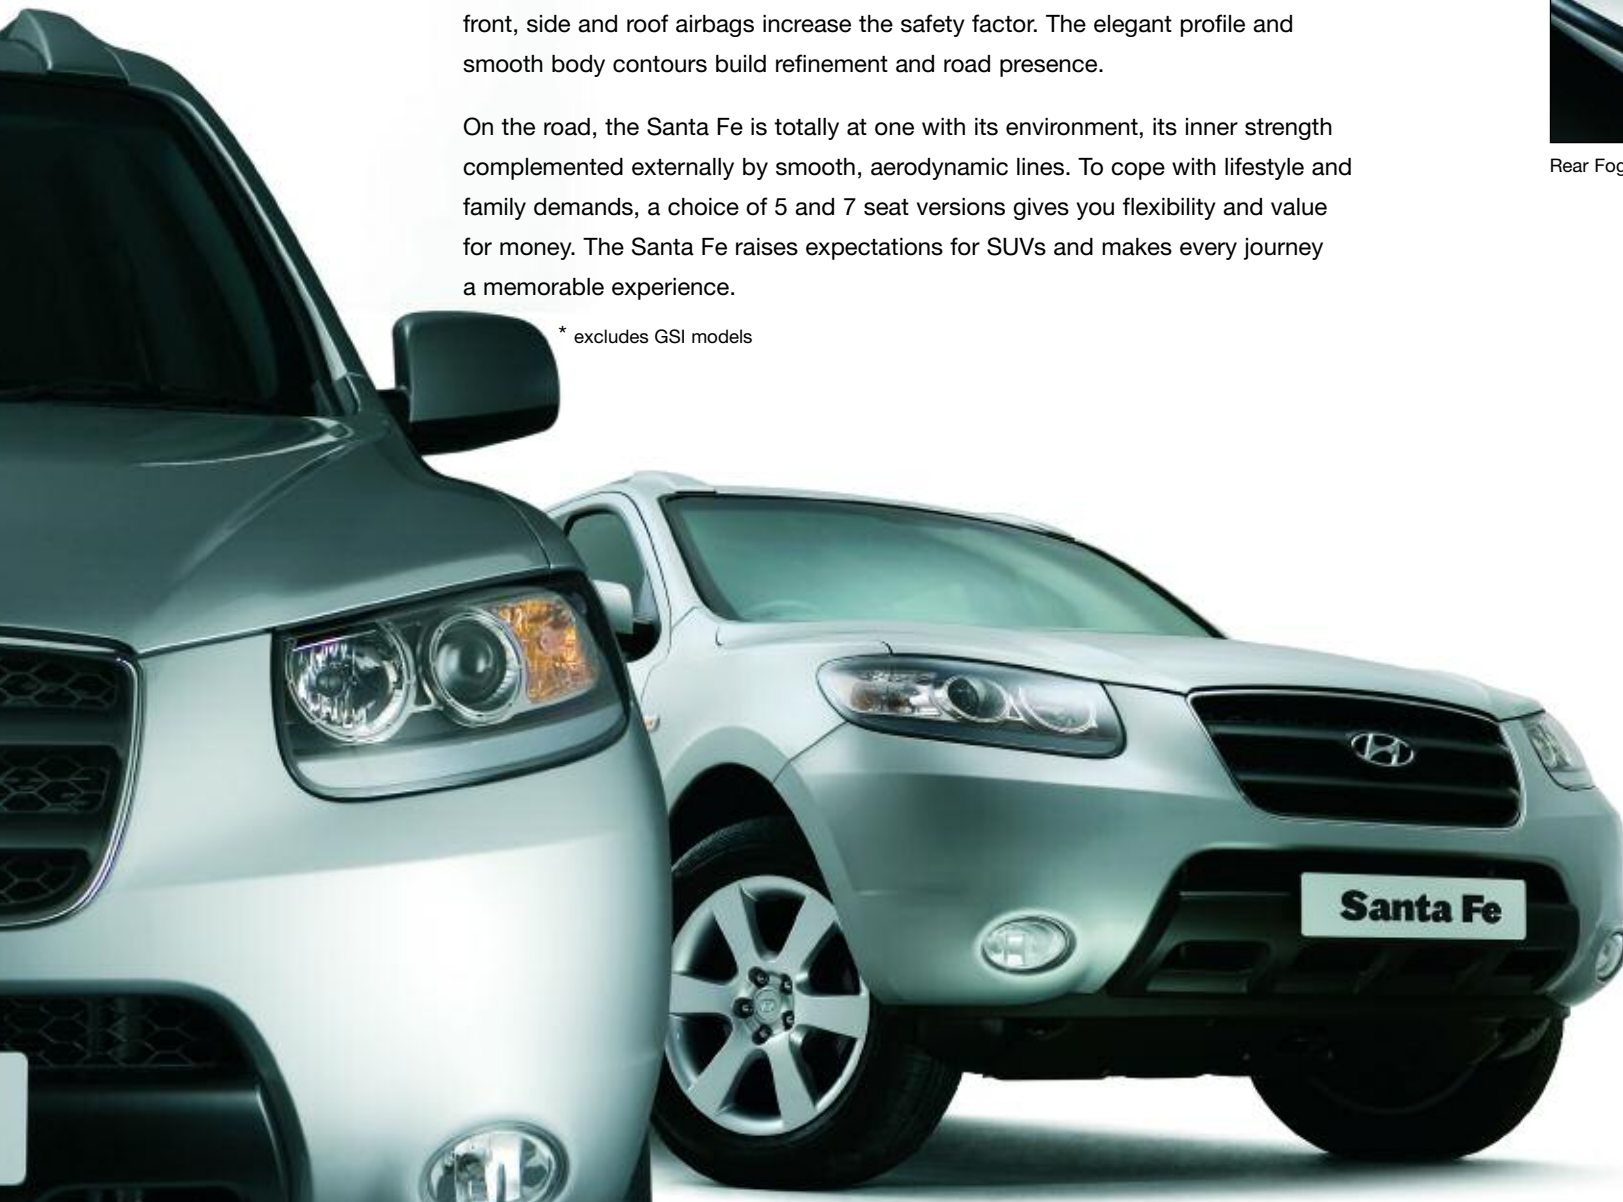

Roof Rails with Crossover Bars

Rear Fog Lights

Deluxe Door Scuff Trim*

To sit in a Santa Fe, behind the wheel and in control, is what real driving should be about. The promise of what appears on the outside is absolutely fulfilled on the inside. It's the complete package.

We believe it's the small details that make a difference and the Santa Fe has a host of features that set it apart. Choose from an automatic or manual option on the excellent 2.2 variable geometry turbo diesel engine, or automatic on the smooth V6 petrol engine depending on your personal preference. We've installed airbags at the front, side and along the roof, and introduced heated door mirrors* and a front windscreen de-icer* so that visibility is maximised in cold weather conditions.

The spacious cabin is ergonomic and efficient, with fingertip controls, integrated console and instrument panel. Wood and alloy effect are used tastefully, mixing tradition with modernity, allying strength with safety. Stylish blue instrument lighting boosts visibility and dual zone climate control (CDX and CDX+) or manual air conditioning (GSI) help you keep cool and composed. For your listening pleasure we have installed a fully integrated and highly versatile audio system giving you up to 7 speakers, a cassette player, single slot CD (6 disc in-dash player, CDX and CDX+) and MP3 playing capability.

Beige▼ Leather Upholstery. (Leather standard on CDX and CDX+)

complete

Stereo Radio/In-dash 6 disc CD Player*

Electric Seat Adjustment**†

▼ Special order only. Please be aware that HUK does not hold stock of these derivatives, therefore factory lead times apply. Please contact your dealer for further information.

* Excludes GSI models. † Driver only on CDX, driver and passenger on CDX+.

challenging

capable

The new Santa Fe is bigger and better than before, and that's saying something. But what's really different this time is the availability of a 7 seat version.

There are many different seating arrangements that open up a whole new world of driving to fit in with your lifestyle.

Santa Fe's unique seating and interior configuration allows five completely different seating options which could not be easier to operate. No awkward mechanisms or difficult buttons, simply a flush fitting handle that lifts the completely flat load bed in the boot to create a sixth and/or seventh full width adult seat in the rear.

In addition, self-levelling suspension (7 seat versions only) spreads the weight of any load evenly without compromising the quality of the ride.

The interior does not just look good, it is structurally improved and offers electric seat adjustment*, variable height and reach steering wheel and even dual stage seat heaters*. Driver and passengers are kept cool and comfortable with air conditioning throughout all three seating rows (dual zone climate control on CDX and CDX+).

Whether it's an important business trip, a school run or a day out in the countryside, the Santa Fe can cope with any journey.

Seat configurations shown above do not feature UK specification vehicles

* excludes GSI models

safe

It's knowing that the Santa Fe can do all that you need it to do that makes driving it, both on and off-road, such a memorable experience. But it's not just about more space, it's what you do with it, and we've thought long and hard about just how we can create a Sports Utility Vehicle that fulfils all your driving needs. Once you sit behind the wheel, we know you'll agree that we got it just right.

You can look forward to driving the Santa Fe in the knowledge that its advanced 4WD system, Traction Control System (TCS) and Anti-lock Braking System (ABS) with Electronic Brake force Distribution (EBD) will keep you as safe as possible in all weather conditions.

Utilising the latest CAD programmes, and intensive physical research, testing has been undertaken to optimise driver and passenger safety. All round 3 point seat belts and multiple air bags work with active head restraints* and secure seats to give further peace of mind.

Never before has there been such a technologically advanced Hyundai vehicle. Self Levelling Suspension (SLS)[▲], intelligent, electronic 4WD and Electronic Stability Programme (ESP)^{*} help you maintain control in difficult conditions. This makes not only for a better drive, but also a much safer journey, whatever your destination.

[▲] 7 seat only ^{*} excludes GSI

Hyundai recommend avoiding exposure to salt water conditions, as this could risk invalidating your Anti-perforation Warranty.

Multiple Air Bags

Electronic Stability Programme, state of the art Control and Stability System*

4WD System - Torque on Demand with Lock-in 4WD Function

highlights

Front Windscreen De-icer* (Rain Sensor also available on CDX+)

Underbody Skid Plate protection

Traction Control System plus ABS with EBD (ESP also available on CDX and CDX+ models)

Heated Front Seats - 2 Stage Control*

colourful

When it comes to being noticed in a Santa Fe, you can take your pick from five standard colours and two exclusive special order colour options. Make your choice and put your own individual stamp on your new car.

A metallic finish is achieved by adding aluminium flakes to the paint and then applying a coat of clear lacquer. The mica finish adds an extra depth of lustre with the inclusion of mica particles in the paint layer.

Inside you can select from Black, Grey or Beige[▼] colour schemes, plus a choice of leather (standard on CDX and CDX+ models, optional extra on GSI) or cloth upholstery (standard on GSI only). Cherry wood and alloy effect fascia and door inserts are available on GSI models, whilst CDX and CDX+ benefit from rich maple and alloy effect finishes.

The Santa Fe is a car to be seen in and will turn heads as well as it turns corners.

†The results given above do not express or imply any guarantee of fuel consumption of any model to which this brochure refers. The driver's style and road traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will all affect its fuel consumption.

**Applies to fully laden vehicle. For driver only weight please consult your Hyundai dealer.

*g/km = grams of emitted substance per kilometre travelled. CO₂ = carbon dioxide; HC = hydrocarbons; NO_x = nitrogen oxide; ▲ = Common Rail Turbo Diesel.

* = Some vehicles are currently undergoing engine transitions in order to comply with European legislation. Please check with your dealer to determine the technical specification of your car during the transition.

covered

The level of design and technological detail on the new Santa Fe is truly astounding, both inside and out.

Our optional, integrated Smartnav™ system gets you from A to B quickly and efficiently and is standard on CDX+ models, as is the DVD multi media system. And if you want added privacy inside the cabin, privacy glass will give you just that. It's our customer options that allow you the flexibility to personalise your new Santa Fe to your specification.

To cap it all, we offer all of our customers the following:

- **Unique Hyundai Five Year Warranty***
- **Fully transferable and manufacturer backed**
- **3 years' RAC cover**
